Survey Response

Name	John E. Douglas
Contact Information (Phone Number, Email, etc.)	jed805@gmail.com
Question or Comment	<p>Re: Phillips 66 rail spur project Dear SLO County Planning Commissioners: I have lived in the Ellwood neighborhood of Goleta, Santa Barbara County, for 13 years. I live near the railroad tracks that cut through the center of Goleta. I urge you to DENY the application of Phillips 66 to expand the infrastructure to transport even more highly volatile crude oil via train through our community than is currently being transported. We residents of Goleta will assume the risk of catastrophic accidents which endanger our lives, health and the environment, and will get no benefit from this dangerous plan. Please deny the application, and instead focus your County energy and resources on expanding the infrastructure for clean and renewable energy in SLO County and all of California. Thanks for considering my views. Sincerely, John E. Douglas</p>
